Designing stunning energy efficient and healthy buildings without compromising style.

We create homes that achieve the highest energy ratings and comfort levels. We will design your home combining your ideas and our experience to create a building that suits your site and is uniquely yours.

At Solar Solutions Design we are committed to delivering the highest quality service at an affordable price.

With energy costs on the rise, the design of your new home is paramount. We can make your home warmer in winter and cooler in summer. You will have the look and feel you have always dreamed of, but living inside will be better than you have ever imagined. We will be happy to show you how to make **your new home perfect for you.** So if you are planning a new home or extension please contact us for a **free** design assessment.

Yours in comfortable living!
