SECTION 1 - COMPLETE HOME DESIGN SOLUTIONS

STANDARD HOMES 2006

SOLAR SOLUTIONS STANDARD HOMES WAS DESIGNED TO GIVE GOOD QUALITY ENERGY EFFICIENT HOUSE PLANS AT A VERY ECONOMICAL PRICE

Solar Solutions Standard Homes was designed to give good quality energy efficient house plans at a very economical price. Each of these plans are featured in our planbooks and will suit a variety of different sites & lifestyles. Each plan can be altered to better suit your needs at a small cost. Once confirming the plan you want, you can take a closer look through a study set and then you can purchase a full set of construction drawings and a license to build the home.

Solar Solutions can organize a site plan optimizing the plan to work with site in the best way possible, we can also organise a range of quality products at better than trade rates. These products include windows, building materials, landscaping materials, claddings, kitchens products and ventilation systems.

YOUR NEW HOME AS EASY AS 1,2,3

CUSTOM HOMES 2006

SOLAR SOLUTIONS CUSTOM HOMES IS OUR PREMIUM DESIGN SERVICE. DESIGNED TO SUIT YOUR SITE AND STYLE WITH HIGH ENERGY EFFICIENCY.

A custom home is specifically designed to work with your site's microclimate, optimizing the home's orientation whilst capturing any potential views. Once researching and visting your site we can design a home with minimal site impact and the maximum in energy efficiency.

Your new home will be modelled in 3D showing you the way the home works on the site as well as selecting colours and materials with you. We can design the home to suit the look that you want, a home that will be healthy and comfortable to live in all year round with minimal energy use. We also have a range of sustainable products that we can supply and deliver to your site at better than trade rates (Please refer to our products brochure).

EXISTING HOME UPGRADES 2006

SOLAR SOLUTIONS HOME UPGRADES PROVIDES A WAY TO MAKE YOUR EXISTING HOME MORE ENERGY EFFICIENT AND COMFORTABLE.

SAVE MONEY ON THE RUNNING OF YOUR HOME

Solar Solutions can organise a time to come to your existing house and do a report to determine the key areas that can be improved in your house. We will give you a list of priorities that can be achieved to improve your house and you decide a timeline for when this can be achieved.

Solar Solutions can organize the supply and installation of these products at better than trade rates and ensure a significant increase in the comfort of your home. The solutions are so simple, easy to do and cheap and will increase the home's comfort whilst decreasing its overall running cost.

Find below 4 easy ways in which you can upgrade your existing home:

TAKE CONTROL OF YOUR HOMES COMFORT WITH A VENMAR SYSTEM

1 SEALING

Sealing is a very important aspect of upgrading your existing home. Solar Solutions can organize the supply and installation of quality Raven products to seal your doors and windows. We can also organize to have all of your downlights sealed.

2 INSULATION

Using the right insulation in your home is critical, Solar Solutions can supply and recommend quality insulation solutions for your existing home. For a small cost the comfort of your home can be dramatically improved.

3 SHADING

Shading is a very cost effective way of reducing summer heat whilst still maximising the solar gain in winter. Solar solutions has designed a low maintainene, easy to install sola pergola system that is angled to let in winter sun and block it in the summer.

4 WATER SAVING

Solar Solutions can guide you on water saving methods that you can incorporate into your home. We can organize and supply water tanks as well as quality solar hot water systems for Earth to Solar

SECTION 2 - PRODUCT SUPPLY FOR YOUR HOME

SOLAR SOLUTIONS PRODUCTS 2006

SOLAR SOLUTIONS CAN SUPPLY YOU WITH PRODUCTS AT BELOW RETAIL PRICES

Solar Solutions have established working relationships with high quality companies to supply premium products for your new home.

The following is a list of such companies that we deal directly with and can supply you quality products at below retail rates:

The Sola Pergola is a unique pergola system developed by Solar Solutions. The system is specially designed to take in the winter sun and block the summer sun. The system is easy to install and is made of aluminum and can be powder coated to suit the colour of your home. The product is lightweight, extremely durable and will last a lifetime.

Solar Solutions can now supply and deliver this unique louvre and bracket system directly, please contact us to find out more or to obtain a quotation.

Products that can be supplied

- Elliptical Louvres (image right)
- 'SOLAR 150' mounting brackets

Solar Solutions can organise and supply Venmar ventilation units. This system provides fresh air to a sealed up energy efficient environment, it also filters out dusts and pollens to create a healthy indoor environment.

Please contact us to find out more information.

Products that can be supplied

- Venmar Ventilation unit
- Venmar installation

Solar Solutions can organise the supply and installation of the environmentally friendly Pinkpoly wall and ceiling batts and Gladiator house wrap. The Batts are low allergen and made from 100% polyester fibre making them soft and pleasant to handle. They give the ultimate comfort in your home, retaining heat in winter and keeping your home cooler in summer. Please contact us to find out more information.

Products that can be supplied

- PinkPoly wall & ceiling batts
- Gladiator Breather house wrap
